During the game, with the money accumulated from the missions, you will in turn unlock new weapons, and continuously loot different types of vehicles from motorcycles, cars, racing cars, to advanced military cars and even helicopters equipped with firepower, to serve your profession and escape. A small message for new players is that the thug in Real Gangster Crime is quite "sensitive". Any skill that is not practiced regularly will be decline. So you have to constantly fight, bombard, steal racing cars for a few laps on the street, otherwise, it will be difficult to be fluent when faced with situations that need. Besides, you need to work hard to earn money to have enough "means" to be a professional gangster. Otherwise, you can't have respect from everyone. In general, if you want to be a real gangster, you must be rich so that people will respect you. Excited and attractive The transformation in Real Gangster Crime is sometimes very unpredictable. You can do almost anything you want from walking, running on the street, punching another thug, shooting like crazy at the enemy, stealing cars, racing cars, fighting the police, running away from another crowded group of enemies. Overall, it's a third-person 3D shooter, but in each situation, the camera angle will actively change to ensure that players can see the whole scene and enjoy the best frame. Therefore, the feeling of each time is completely different, the street looks different, and the excitement also increases a lot. The unpredictable transformation also lies in the fact that players can choose the maximum equipment themselves and freely customize the character to the weirdest level possible. For example, covering your head with a giant monster mask, or equipping a pair of gloves with integrated heavy weapons to fight a series of enemies. Many of the items such as hats, masks, glasses, clothes, wigs, shoes... can increase the health, agility, and stamina of your character. There are also some items more unique, that will help your character possess formidable superpowers. Compared to other street looting games, the gangster in Real Gangster Crime is more surreal and illusory.
